AN EARLHAMITE'S BOOK

The Nineteen Twenty-One

Senior Annual

Published by the

Senior Class of Earlham College

Richmond, Indiana

To

Alexander C. Purdy

head of the department of Biblical Literature, college pastor,
lover of his fellow men, counselor and friend of the students,

The Nineteen Twenty-One Senior Annual is affectionately dedicated, with the hope that he may
long continue to guide and inspire the
students of Earlham College

Contents :

Book 1. The School

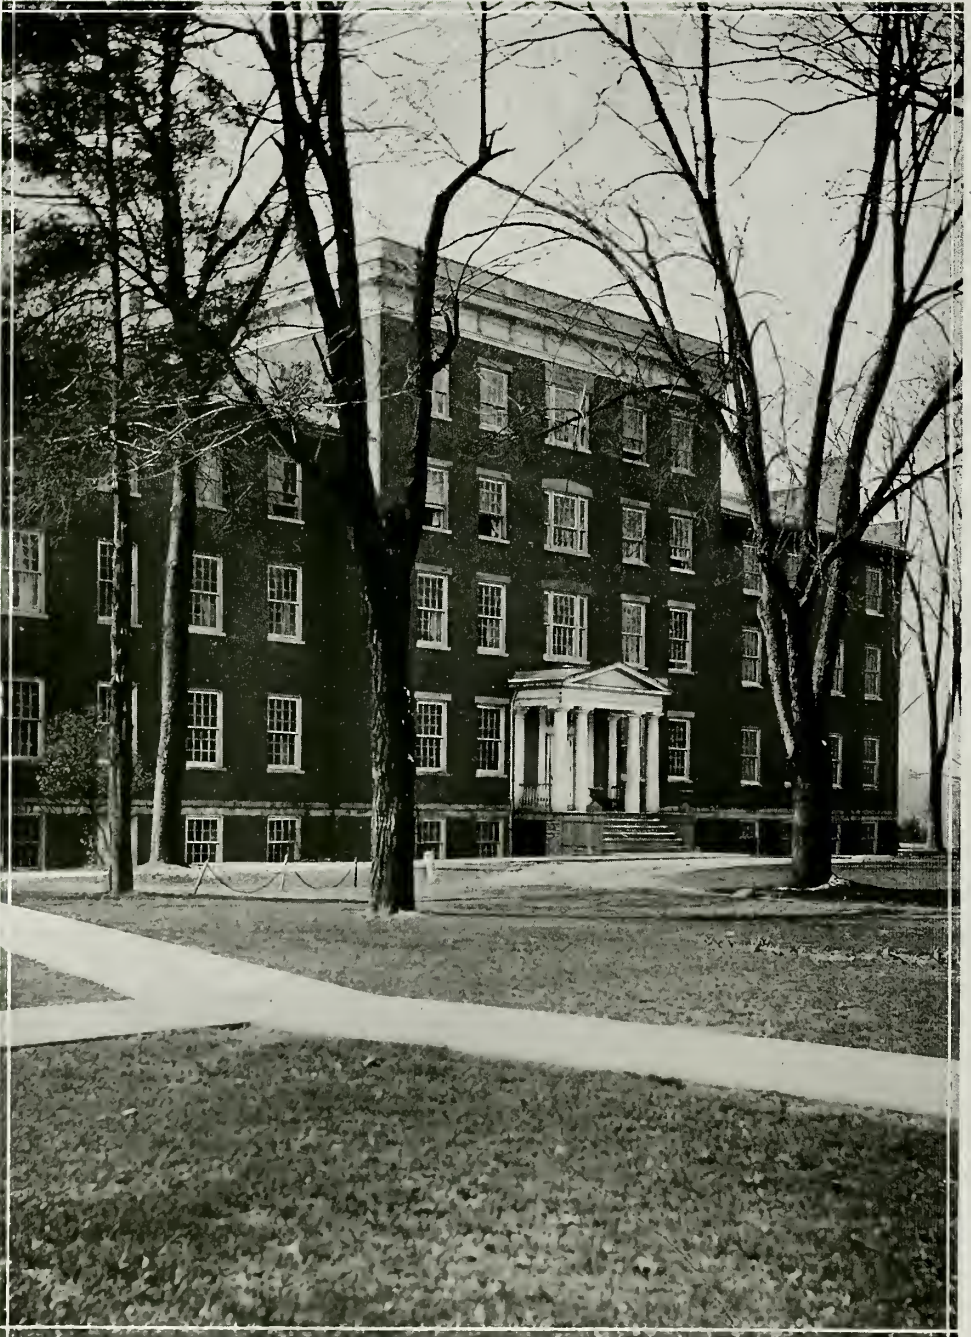

Book 2. The Activities

Book 3. The Organizations

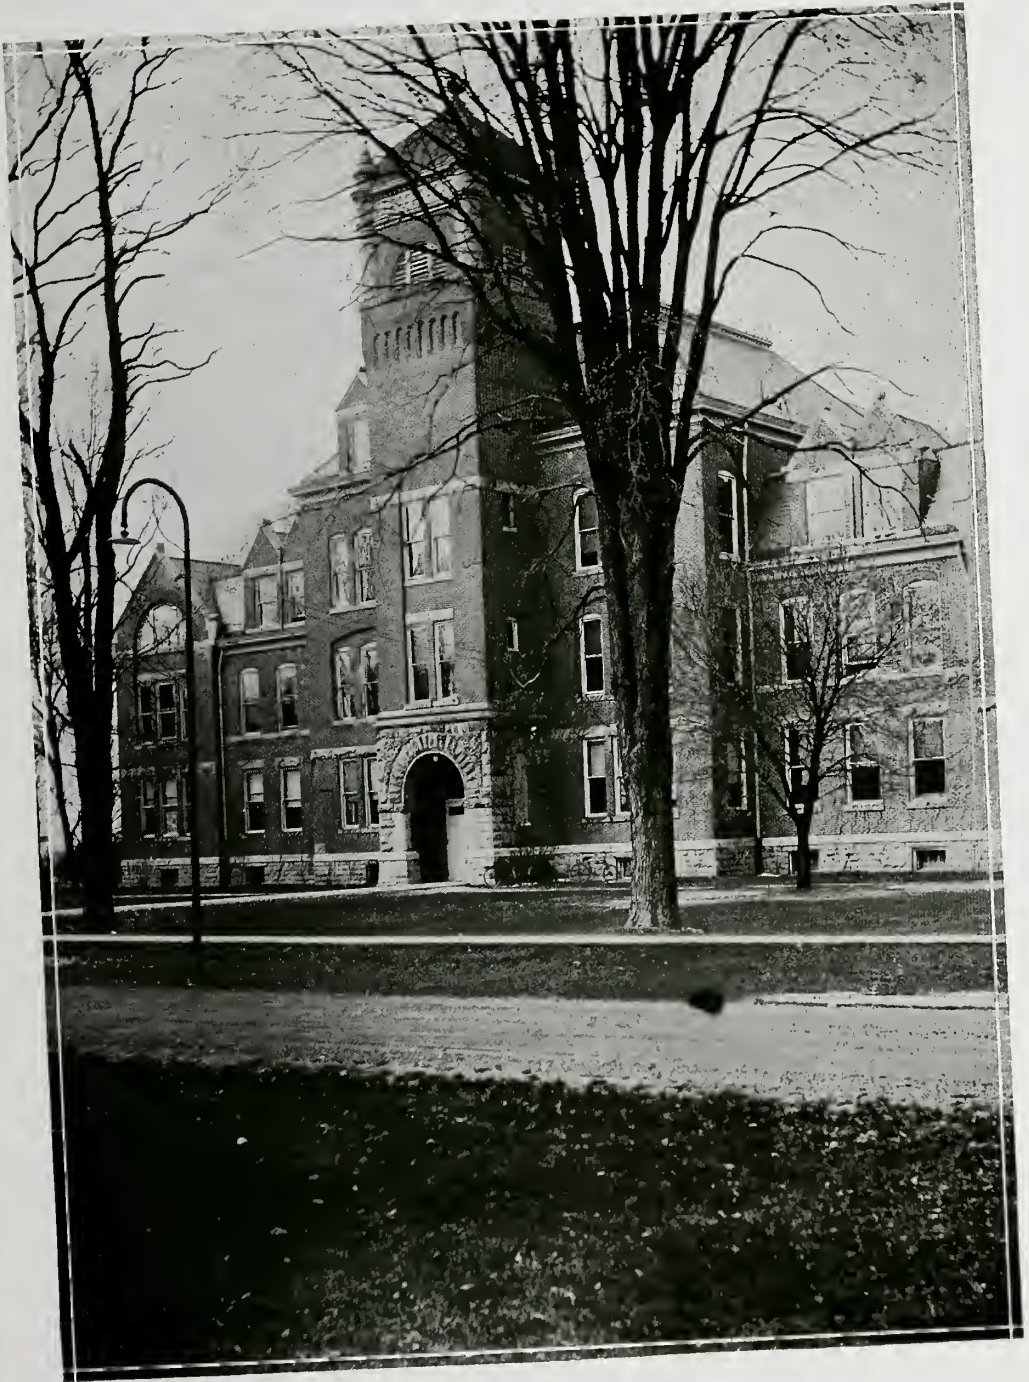

Book 4. The Back Yard

These be the scenes in memory held dear,
Though seasons pass, the years may roll,
Though time of strength take heavy toll,
These shall not fade, remaining ever clear.

Firm in the hearts of the Earlhamites this building stands
And sheds its influence still through many lands.

With massive tower pointing to the sky
It points the way to lives of service high.

Here we seek the wisdom handed down by time;
Here is diligence a virtue, and whispering a crime.

To water fights or quiet talks the inclinations turn;
Here the men close friendships form, the Earlham spirit learn.

Here baby thunder-storms are made, and unromantic smells.
Perry Hall the advent of great scientists foretells.

Here Prexy lives and takes his rest;
May his happiness ever be of the best.

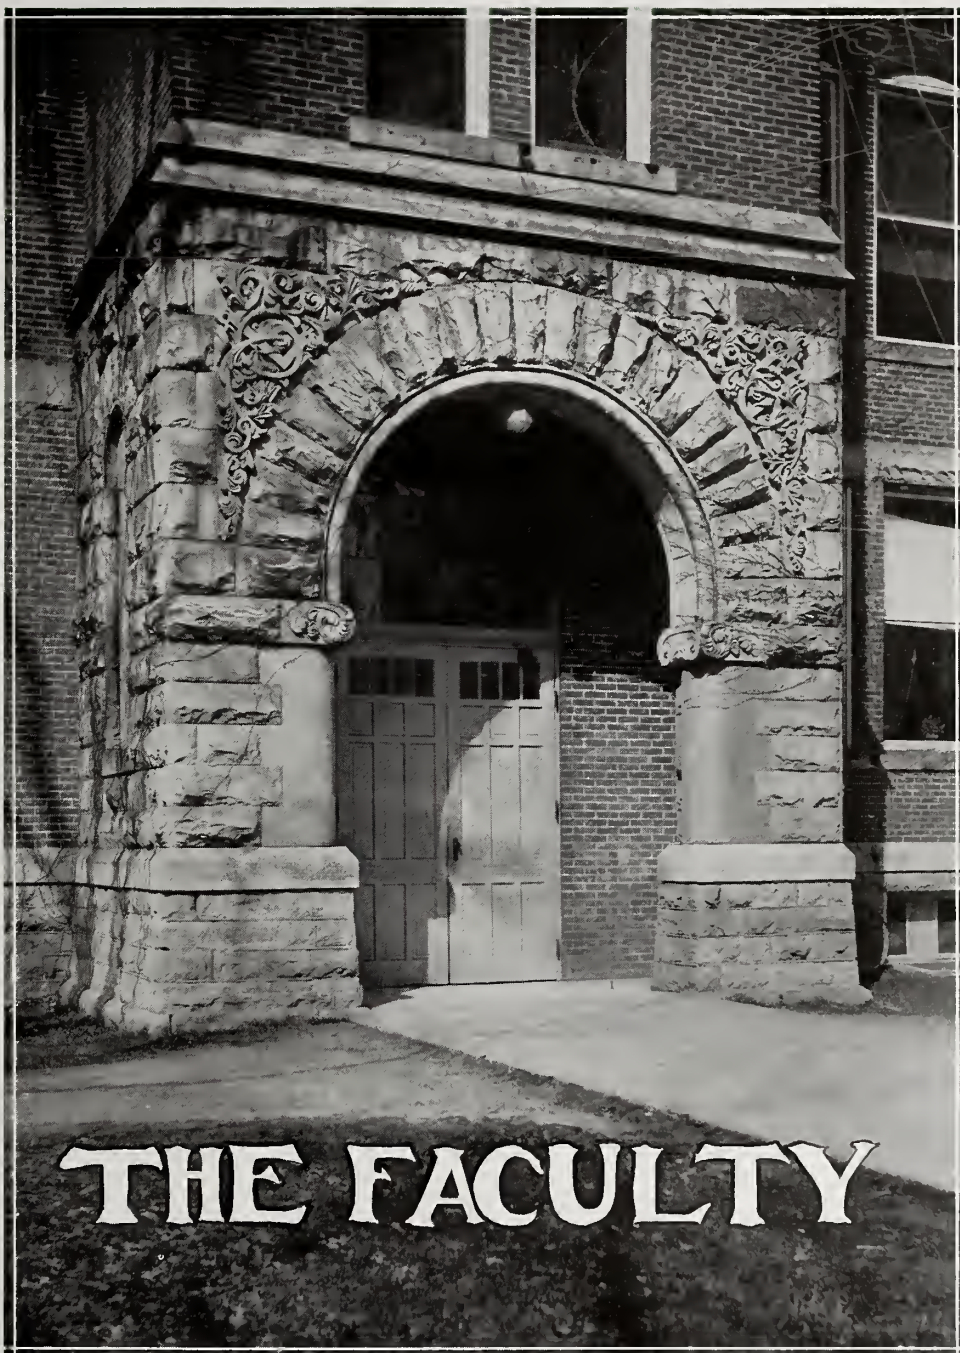

The creek, the flowers, a sky of blue.
A day in May—just right for two.

Book One

The School

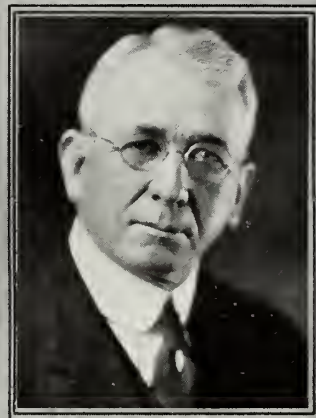

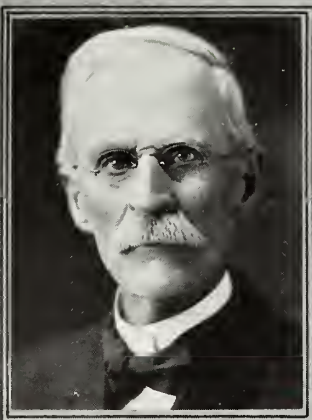

DAVID M. EDWARDS

B.S. Penn College
A.M. Penn College
Ph.D. Boston University

Prexie is in a position to develop a belief that total depravity that crops out in college students is incurable but he never does. His faith in the appeal to reason has saved the day more than once.

WILLIAM N. TRUEBLOOD

B.A. Earlham College
M.A. Earlham College

Philosopher and poet, thinks thoughts that no mortal man can comprehend. He admits that he is not orthodox, but he possesses very definite and decided ideas about things nevertheless. We wish he had more chapel duties to perform. He wants to retire but how can Earlham get along without him?

MARTHA DOAN

B.S., M.S. Purdue University
B.L. Earlham College
Sc.D. Cornell University

Words fail us, but never Miss Doan. It would take an automatic rapid-fire dictionary to carry on an intelligent conversation with her. She helps us to discover and develop our latent possibilities. Her splendid personality is pure gold without alloy.

MARY E. BERTSCH

Diploma from School of Home Economics

This is the same picture Mary had in last year, but you can't blame her. She can't change every year. She is too busy ordering our cereal and taking music to have another one taken. If you saw a flash of vivid color and heard a voice, probably it was Miss Bertsch.

EDWIN P. TRUEBLOOD

B.S. Earlham College
Ph.B. Ann Arbor
A.M. Earlham College

Took a vacation in Florida. He comes back with an added coat of tan and heightened enthusiasm for better Earlham. He hates to lose worse than Coach himself.

J. H. COFFIN

B.S. Penn College
A.M. Penn College
Ph.D. Cornell University

The Dispair of Beau Brummel. One Prof. who says you don't have to keep a note book, but you keep one anyway. He is an advocate of the capillary method of learning. He supplements his ideas of Kant with some gentle but firm ideas of his own.

E. MERRILL ROOT

A.B. Amherst

Prof. Root's juvenile appearance and air of innocence is enough to camouflage his official position even in the presence of the most sophisticated. Under his seeming impassivity there lurks a spirit of jollity. He really comes from Boston although Miss Parker will never believe it. One needs to have taken track to keep up when he gives notes.

ALLEN DAVID HOLE

B.S. Earlham College
M.A. Earlham College
PH.D. University of Chicago

Daddy Hole's pile driver style of bumping into key words is sufficient to keep anybody from going to sleep when he talks. He carries down to bed rocks and can read the earth's history at a glance. His is a nature as full of kindness as Clear Creek limestone is full of fossils.

SOPHY D. PARKER

A.B. Boston University

Parker, the Cynic, comes from New England where they are still learning. She labors under the delusion that college was made exclusively for studying French. She has passed only one compliment since her arrival, but she will learn.

LINDLEY RICHARD DEAN

A.B. Dartmouth College
A.M. Princeton University
PH.D. Princeton University

Prof. Dean knows that "Pi" stands for something else besides pastry and 3.1416, although versed in both. He holds daily converse with Demosthenes and Cicero. He firmly believes that knowledge of Greek and Latin is necessary for happiness.

LOUIS K. OPPITZ

A.B. Yale University
M.A. Yale University
PH.D. University of Pennsylvania

A rough man at volley ball. He can't keep a professional secret. There used to be only fourteen people in the whole world who understood the Einstein theory until Prof. gave the whole thing away in chapel. His long shots always hit the mark.

MARY MENDENHALL

B.S. Earlham College

Is an able assistant to Prof. Wildman in the Chem. Lab., helping to keep Freshmen from happiness. Her professional reserve conceals the humor that causes the twinkle in her eyes and the joke at your expense. Only once was her poise shaken—when we found out her middle name.

MARY LAWRENCE

A.B. Earlham College
A.M. Earlham College

Miss Lawrence, tho' small, has a huge working capacity: postmistress, bookseller, bill collector, breakage assessor, trunk checker and complaint hearer. We see her putting her iron bound money box to bed in the safe every night and can't help speculating about its contents. Never known to have a grouch, no difference how many there are around her.

FRANK R. ELLIOTT

A.B. Wilmington College
B.S. Earlham College
A.M. Earlham College
A.B. Earlham College
A.M. Columbia University

Elliott can give the philosophical as well as scientific reasons for the spots on a frog's back. His classes are a complete curriculum in themselves. His flow of words ripples gently on, punctuated by a subtle joke, but watch closely or you will miss that roguish smile tucked in the corners of his mouth. He says it is a waste of time to argue with a 5-ton truck.

HOMER L. MORRIS

A.B. Earlham College
A.M. Columbia University

Prof. Morris is the economist who figures the high cost of breakage in Bundy. His statistics show that reinforced concrete and armor plate are the cheapest in the long run for building dormitories. He has almost become converted to the theory that boys will be boys.

PAULINE PRITCHARD

A.B. Earlham College

Lover of Latin, Miss Doan's right hand woman, assistant to Prof. Markle, Miss Pritchard moves among us with low voiced greetings and quiet steps.

GERTRUDE BARTEL

A.B. Earlham College

Miss Bartel is a rather exclusive member of the force, being rarely seen. She has a business air which leads one to think that she can not be bothered, but she is never too busy to help a struggling student.

LOUIS T. JONES

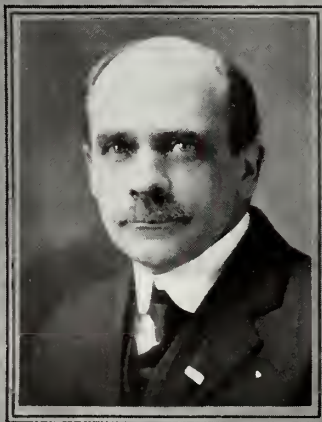

B.Sc. Wilmington College
A.M. Kansas University
Ph.D. State University of Iowa

One week of Prof. Jones' assignments will convince any Freshman that the good old H. S. days are gone forever. Outside of preaching at two different churches on Sunday, teaching History through the week, and helping with the family wash on Saturday, he lives a life of ease and comfort. His color scheme shows originality and impartiality to horizontal or vertical stripes.

ALEXANDER C. PURDY

A.B. Penn College
B.D. Hartford Theological Sem.
Ph.D. Hartford Theological Sem.

Prof. Purdy is a fearless holder of convictions. His masterly sermons right from the heart hold one spellbound. His goodness radiates to those about him. He possesses a keen sense of humor that the most old fashioned of churchmen can neither resist nor criticize. His is a life that counts—a man at his best.

FELBERT L. PHILLIPS

B.C.S. Bowling Green Business Univ.

Prof. Phillips spends his summer months picking squirrels in the woods of Kentucky. His courses are compressed and condensed, but never completed. His good nature has not failed even in the dentist's chair.

SAMUEL B. GARTON

B.M. Des Moines Musical College

Next to music he loves solitude (he says). This year the Prof. decided to try out cafeteria cooking before coming to a definite conclusion. He uses the same method in coaching a glee club that "Hurry up" Yost uses in football. He has presented some real artists to Earlham audiences. Once in a while he gives us a treat by giving a program of his own.

CHARLES E. COSAND

B.L. Earlham College
A.M. Chicago University

Prof. Cosand drives himself far from the maddening crowd each day. He can teach agriculture in the Saar Valley in France or Ruskin here. He is so great an admirer of Shakespeare that he resembles him in features. We wonder if his little chuckle is copyrighted.

MILLARD S. MARKLE

B.S. Earlham College
A.M. University of Chicago
Ph.D. University of Chicago

He not only knows plants from the ground up but is also the author of a treatise on "Root Systems of Certain Desert Plants." Prof. Markle leads cross country again this afternoon in pursuit of the wild flowers or leaves. "Scientific investigation must precede all positive decision" is his solemn conviction.

ANNA EVES

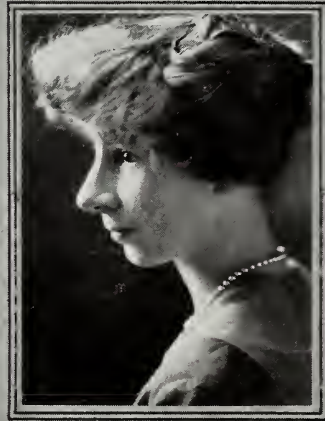

A.B. Earlham College
A.M. Columbia University

Miss Eves knows everything knowable in English and illustrates it with original poetry or drama. Her quiet voice flows on and on with unceasing knowledge and her countenance always betrays a happy thought.

HARLOW LINDLEY

A.M. Earlham College

Harlow is the inventor of a new game. It consists of asking two paragraph questions to be answered with one word. Synonyms are considered a personal foul. Even those bright Sophomore historians admit he knows a little bit about the part of our native land.

AURETTA M. THOMAS

B.S. Earlham College

"For Friday's lesson hand in a newspaper story in Spanish, read the entire book of Dona Perfecta without vocabulary, and learn to sing "La Poema" in both baritone and soprano and be prepared for a quiz over your outside readings."

WILLIAM CYRIL PITTS

A.B. Earlham College

For information on bachelor buttons—see Cy. Assistant to Prof. Garton in music Department. Further remarks are superfluous—temperment obvious.

M. ELSIE McCOY

A.B. Wilmington College
A.B. Ohio State University
M.A. Ohio State University

Miss McCoy is always cheerful in spite of the fact that she teaches Latin and Freshman English. She is a living example of her own Chapel talk on "Friends."

GRACE NICHOLSON

Diploma from The New England Conservatory of Music

Miss Nicholson lives in a musical world both waking and sleeping. Her perception and technique are interesting and effective. Due to her influence the pianos work overtime.

H. O. MILES

The High Lord Chamberlain of the Exchequer is seldom seen apart from his car or desk. He departed from his usual custom long enough to chaperone the Glee Club.

RAYMOND S. HOLDING

Holding is rather small to have two write-ups. Came from the wilds of Mexico on purpose to graduate with the class of '21. He can think faster in Spanish than English. His smooth voice charmed the revolutionists.

GLADYS McCUNE

B.S. Penn College
R.N. Illinois Training School for
Nurses, Chicago

Nurse McCune, a veteran of the World War, was an angel of mercy to the boys. Her experience in the war zone would outrival all previous war stories. Her brusque manner covers a golden heart of kindness as she hands out plasters and mending tissue.

RUBY ETHEL CUNDIFF

A.B. Baker University, Baldwin,
Kansas

Caesar had his Brutus, Charles I had his Cromwell and Miss Cundiff had her Ionian. Books is books according to her and two seconds is a factional part of an hour. Next year she plans to give out alarm clocks with the reserve books. To her credit is laid the kitchen cabinet in the library lobby. With all her trials she hasn't lost her spirit of fun.

WILMA HALL

B.M. DePauw University

The confident way Miss Hall handles the violin is positively entrancing. Her specialty is music and tea towel making, and she adds to the brilliancy of the college by having the ring in her voice. The orchestra has become a delight under her tutelage.

ARTHUR M. CHARLES

B.S. Earlham College
M.A. Haverford College

The head of the Modern Language Department believes a man's education goes on all his life. After returning from a study of Europe he took up residence in Bundy to study etiquette. He discovered that local regulations when dining are rather flexible, with the exception of the 7:05 closing hour for breakfast. He has a detached air of reserve and culture that is so intangible—looks on scenes from afar.

ELSIE MARSHALL

A.B. Earlham College

Is always up to date in current events, particularly as pertains to college life. She firmly believes the culinary art is the greatest of all arts; that the highest joy in life is obtained through proper food. It is a department that endeavors to make Earlham romance practical.

FLORENCE LONG

B.S. Earlham College
M.S. University of Illinois

There is one faculty table that no one dreads. Everybody, even the dean, considers her one of the girls. She has a firm determination that levels obstacles even in higher Math. She is qualified to give advice on any subject from radium to domestic efficiency. 'Tis rumored that she used to be star quarter back at Bryn Mawr.

RAY B. MOWE

Coach not only knows athletics but can take off his coat and demonstrate how it ought to be done. With Pat Page at Butler and Thurber at Franklin, the I. C. A. L. threatens to adopt a fifth major sport. For a specific instance of his good work see the new track.

CLARA COMSTOCK

A.B. Earlham College

Put girls' athletics on the map so that Field Day outshines any inter-collegiate track meet. She is equally proficient with a referee's whistle, the dumbbells, and the chummy roadster. She has our increasing respect and adoration every day.

ELMER D. GRANT

A.B. Colgate University
A.M. University of Chicago
Ph.D. University of Chicago

Prof. Grant reads the signs of the Zodiac by the constellations in the Heavens. His knowledge of the stars is gained from personal contact. He takes life very seriously but we've an idea that he isn't always so austere.

GEORGE H. HILLIARD

B.A. State University of Iowa
M.A. State University of Iowa

Hilliard is serving time as faculty member in Bundy. He has a strong predilection for hypothetical educational tests and mentality measurements, not to mention music. Thorn-dyke is a word with which to conjure.

ERNEST A. WILDMAN

B.S. Earlham College
M.S. University of Illinois.

How can a Chem. Prof. be so human, and inventor of a headache medicine that is a positive pleasure to take? He is the very soul of merriment under his mask of scientific professionalism. The Prof. can give information on everything including chicken raising and can bring order out of chaos.

JOHN HARAMY

A.B. Earlham College

The Sinbad of the E. faculty, after thrilling oriental adventures will return to tie the tie that binds. After the distressing incidents on the boat to Palestine, John has decided to walk back to E.

CHARLES HAROLD DOUGLAS
Versailles, Ohio

A.B. Mathematics and Economics

German Club 1, 2; Spanish Club 3, 4; Polity Club 1-4; Service Club 3, 4; Y. M. C. A. 1-4.

"Doug" is well known as a "shark" in his studies. He could tell you more about a lesson after five minutes study than an ordinary person could with an hour's preparation. He left us to continue his work at Columbia University.

HARRIETT RAWLS
Carthage, Indiana

Four years of (quiet ??) life!—A new one appears each year! Harriet is inclined to be a little too serious at times, but rooming on west side of dorm has convinced some of us that she has a ringing musical laugh all her own.

ADA M. HUNT
Washington, D. C.
A.B. Philosophy and Home Economics

Y. W. C. A. 1-4, Cabinet 3, 4; Phoenix 1, 2; W. A. A. 1-4, Executive Committee 4, Basketball Varsity 2; Science Club 3, 4; Polity 1-4; Student Council 3; Treasurer 3; Class Secretary 3; Student Affairs Board 4; George Washington University 3.

Y. M. C. A. 1-4; Service Club 2, 4; Varsity Track 1-4, Captain 2; Varsity Basketball 1-4, Captain 4; "EE" Club 2-4, Secretary 4; Glee Club 4.

"Fonz" is one of our star athletes, but then that's natural since he's from Thorntown where they make 'em. With all his athletics, though, he is quite a singer and lady's man.

MINA M'HENRY

A.B. English and History
Y. W. C. A., 1-4 Cabinet 4; Phoenix 1-4, President 4; Polity 2, 3, 4; Anglican 2, 3, 4; Church Extension Group 3, 4.

Day Dodger 1-4; Y. W. C. A. 2, 3, 4; French Club 3, 4; Polity 4; Senior Annual Staff 4.

Speaking of perpetual motion, you just ought to hear Julius talk; but he usually says something worth listening to. He's quite a debater, as well as a veteran of the S. A. T. C.

CLARA MARY NEWSOM

WARREN BECK

Richmond, Indiana

A.B. History and English

Anglican 4; Day Student Plays 2, 3; College Social Committee 2, 3.

Warren has sandwiched other things in with his college course. We are not so well acquainted with him as we wish we were, because he joined our class only the last semester.

Jim is a natural-born scientist. If you want to know what you ought to be get him to examine your head. Along with that he is somewhat of an artist, and a "Jack of all trades."

ELSIE CHAPPELL

Carthage, Indiana

A.B. Biology and Education

Y. W. C. A. 3, 4, Cabinet 3, President 4; W. A. A. 3, 4; Polity 3, 4; Madrigal 3, 4; Class Social Committee 4; Phoenix 3; Le Cercle Francais 3; Chapel Choir 3, 4; Senior play committee; Senior executive committee.

A dreamer, but not dreamy. Not bigger than a minute, but oh, what a minute! Elsie never has been seen to frown or heard to utter a cross word, but instead just smiles and sings, no matter whether at Madrigal, choir practice or on her way to class. As president of our Y. W. C. A. she has won the respect and love of every single member.

TIHERON E. COFFIN

Notorious for his ability to ride his bicycle backwards, and to worry the president of the council with his banjo-uke. His chief ambition is to teach philosophy sometime, like brother Herschel.

Artistic, generous, optimistic, a good sister, a real pal. "Jo" runs the student council on a humanitarian basis. You ought to hear her talk French to Prof. Charles and tell "Daddy" Hole about the Pleistocene ice invasion of North America.

MARGARET DUVALL

Richmond, Indiana

A.B. English and Mathematics

We feel small in such a presence; a man who makes twenty hours of A grades in one semester is to be respected. And that isn't all. Francis is a good pianist and a real sport, besides being a star in tennis and other things.

Lois says she is going to teach but we sort of doubt it. Her distinguishing features are her "dark" hair, a liberal use of pats and squeezes—that is upon her girl friends, and a most intensified love of "Kamping."

Men's Athletics

*Coach
Ray B. Mowe*

COACH Ray B. Mowe came to Earlham in the winter of 1917-'18, grabbed her athletic helm and piloted her to the greatest all-round athletic honors in her history.

He has produced her best basketball team, the best balanced and most successful track team, and the equal of any of her football teams. An experienced handler of men and a hard worker

himself, he gets more fight per square inch out of his men than any coach in the state.

One of the biggest accomplishments in connection with Earlham has been the co-operation he has secured between Earlham and the merchants and citizens of Richmond. A second edition of the Main Street bridge is Coach Mowe.

Another power in the development of the Maroon and White athletics during the last two years has been Assistant Coach Nash Higgins. "England expects every man to do his duty," and "Hig" expects every athlete to be a virile, two-fisted, fighting "zip hound."

*Assistant Coach
Nash Higgins*

The Double E Club

First Row: Nicholson, Goar, Hall, Carey.

Second Row: Ivey, Johnson, Beck, Bookout, Lawler.

Third Row: Carter, Hinshaw.

WHEN you see a man who wears two small E's mounted on a white oval on the left sleeve of his sweater, you know that he's a Double E man. Back of that insignia are two, three, or four years of hard work on the field or in the gymnasium, for these men have won E's in two different sports, one of which has been basketball or football.

These men form the foundation of Earlham athletics for they are the best of her athletic men. They not only play their part in competition with other schools, but also work to bring in men who will take their places in succeeding years.

But these things do not define the scope of the Double E man. Camp suppers, banquets, and initiations have a place—and an initiation is an event not to be missed. In the last one three strong rooters for the club were discovered, and one of the sufferers even gave sweet bird notes from a limb of a tree, aided considerably by a tin whistle.

First Row: Chambers, H. Nicholson, Carter, Pennington, Wenban, Beck, Johnson, Girton, Hall, Bookout, Sage.

weeks of scrimmages to round out a
team well able to take the field against

SQUAD SINGS WILMINGTON DIRGE TO TUNE OF 35-0

Captain "Orr" Hall Plays Smashing
Game—Beck, Carter, Hinsaw and
Wenban Lead Chase.

The inter-quaker clash at Wilming-
ton last Saturday resulted in a victory
for the Earlham eleven 35 to 0. A
handicap over the Engineers of several
pounds per man gave the local team an
advantage which their light and inex-
perienced opponents could not contest.

Carter played the quarter position for the first time in his career, piloted the team to a great 7-0 victory over the Engineers. It was discovered after the game that "M" had played the entire contest with a broken hand. He was out of practice scrimmages in preparation for the Butler battle.

Hillman and Wenhan gave a good account of themselves in their respective positions.

Bookout on the receiving end of the forward pass game was instrumental in gaining Earham's touchdown by receiving from Johnson two passes on the ten and twenty yard lines enabling Garson and Carter to plunge for the touchdown. Bookout then kicked goal.

Fincho who substituted for Wenhan at half at the beginning of the second, made three clean tackles in straight order and when given the ball later

In the line, tackles Hall and Pennington were demoss after the man with the ball.

Nicholson, Earham's end, played a flashy game, making hard tackles and breaking up interference in all-star style.

BUTLER BULL DOGS TEAR MAROON BLANKET

Pages' Men Break Tie in Final Minutes of Play After Move Had Been Forced to Use Sub.

By crossing the Quaker goal line one minute before the end of the game last Saturday, Butler College succeeded in giving Earham her first defeat of the season by a score of 13-7.

Earham again came within scoring distance when they were away for two sensational runs and forced the ball on Butler's thirty yard line.

Earham's back was packed by at least four men in the two special extra point attempts and old students attending the game inventively all sorts of excuses for the opportunity to see the Maroon and White in action.

LAST MINUTE BULLETIN

Showing a rare exhibition of football fight Earlham went down before Kalamazoo (Mich.) Normal this afternoon on Reid Field 6-0. Kalamazoo made their touchdown in the second quarter when two completed passes made it possible for them to cross the goal line.

At Carter, the reliable little quarter back who was out of the Kalamazoo contest will be at the pilot position against Franklin.

Captain Hall, who went through the entire game last Saturday with his head in a plaster cast, will be recovered sufficiently to show his early season form as one of the best tackles in the state.

Snyder to Pilot Fighting Eleven in Last Home Game of Football Season—Carter Out.

The probable line-up of the Mowmen at the starting whistle this afternoon will be: Bookout and Nicholson, ends; Capt Hall and Pearson, tackles; Johnson and Chambers, guards; Russell, center; Snyder, quarter; Carter and Jovey, halves and Beck, full back. The remaining members of the squad are: Gordon, Bowles, Pennington, Dolph, Wenban, Emshie, E. Frew and Gorton. Officials are: Ingersoll (Durham) referee; Pish, umpire and Maloney, (Notre Dame) head linesman.

Gry Hall has had focus in basketball for some time but last year was his first try at the pocket game. That he made good with a vengeance is history. He has proved one of the hardest hitting, aggressive tackles in some time not only at Earlham but in state circles.

Chambers, playing his first season because of injuries that put him out last year, has proved a power of strength at guard and although handicapped by an injured shoulder has been in the game giving all that was in him.

Ray Johnson, holding the other guard position, is recognized as one of the best guards of the state and although critics believed early in the season that he was not displaying the aggressive power that marked his play last year, he has, of late, been showing more than the old time form. His playing in the Kalamazoo Normal fracas was outstanding. Johnson's ability in handling the punting department for the past two seasons has been an important factor in the Quaker play.

P. W. Gordon, who has been a mainstay at tackle for several seasons, may get a chance to battle against the Timberberies in spite of the fact that an injury in the first encounter of the season has placed him on the side lines a major part of the campaign. His ability is well known to Maroon backers.

F. L. Nicholson, at end was the "find" of the season last year and has developed into one of the best wingmen of the state under Coach Mowse.

A royal send-off by the entire student body was given the squad at the Pennsylvania station this morning, after parading Richmond under the leadership of yell captain Hewson. Never before was such a whole-hearted send-off by the student body given the football warriors.

Beck showed excellent ability as an open field runner.

Sixteen men have been awarded the varsity "E" for their work on the football field this fall. They are the following: Captain Hall, Johnson, Pennington, Chambers, E. L. Nicholson, Pearson, Parkout, Pinsky, Russell, Inman and Carter, Snyder, Beck, Gorton, Ivey, Wenban and Emslie, back field men.

Beck reeled off an end run for a 25 yard gain.

and Gorton, true to form, was on hand when a line change was needed to make a few yards.

Captain-elect Hinshaw, starting the season as varsity quarter back was displaying the same spectacular open field running that marked his play in the freshman year. In addition to running the eleven in a masterly fashion. One evening in practice before the Rose Poly game, he came out of a tangle of interference running with a broken wrist that placed him on the side lines for the rest of the season. It was the most deadly blow to a smooth working, well-balanced team that Coach Mowse has had in over a year.

ROBERT HINSHAW, '23, ELECTED CAPTAIN OF 1921 GRIDIRON TEAM

Captain-Elect Has Been on Sidelines Most of Season on Account of Broken Wrist

SIXTEEN MEN WIN VARSITY "E"

Captain-elect of the 1921 Earlham football team was announced to be Robert Hinshaw, '23, of Spiesland, Indiana, at the annual gridiron banquet, this evening. The banquet, attended by the members of the squad marks the formal termination of the 1920 season.

ing a strong forward line next year. However, with the backfield practically intact and with a strong array of second string men and possible freshman material Earlham should look to a successful campaign.

Men lost by graduation are: Capt. Hall, Gorton, Chambers, Johnson, Snyder, Pennington and E. L. Nicholson.

"Doodle" Pennington is another odd reliable who can be counted on to battle Honest John's men. He has been a hard working, scrappy lineman during a college generation.

FOOTBALL SEASON ENDS WITH ANNUAL BANQUET

Earlham's football season will formally close tonight with the annual post-season banquet to be held in the west dining room at the regular dinner hour. Twenty-two members of the squad will attend with their guests. Coach and Mrs. Mowse, President and Mrs. Edwards, Professor and Mrs. E. P. Truitt and Assistant Coach Higgins will be the faculty guests of honor.

A toast program will follow the dinner with Orville Hall acting as toastmaster. The captain for 1921 will be announced in the course of the program. Toasts on subjects taken from Earlham songs will be given by Donald Snyder, Nash Higgins, Paul Gordon, President Edwards, Coach Mowse, Professor E. P. Truitt and the captain elect.

Bradley playing his first football this season has proved a valuable man in the line and will be looked to next year as a power to be reckoned.

In the selection of the mythical all-state eleven the Indianapolis News placed E. L. Nicholson, end, of Woodbury, N. J., on the second team and "Doodle" Beckout, end, of Hagerstown, on the third selection. Honorable mention was given to Hall, tackle, of Thompson, Carter, quarter, New York City, Ivey, half, of Rochester, and Buck, Tennessee full back. The following players, through playing, for Earlham made the first two selections gave honorable mention to Beckout and Nicholson, end, Hall tackle and Johnson, Thompson, end.

With the loss of a galaxy of powerful men in graduation Coach Mowse will have a real task on his hands.

BASKET BALL SEASON PROSPECTS POINT TO WINNING COMBINATION

Five Letter Men—Captain Lawler, Hall, Goar, Johnson and Carey on Hand to Open Court Season

PRACTICE STARTS ON MONDAY

With five veteran players and a wealth of less seasoned material Coach Mowe has a squad which seems fully capable of upholding Earlham's high standard for her basket-ball teams.

For two years Carey has demonstrated his ability to hold down the pivot position and few are the centers who can out-turn this rascally goal tapper.

The territory under the opponent's foul has been the undisputed range of Johnson, who has discouraged the attempts of opponents to score on the Quaker machine for the past three years.

Goar, a last year's letter man, is a forward who always comes through with points, no matter how close the guarding.

ANTIOCH GIVES WAY WHEN QUAKERS OPEN LIGHTNING ATTACK

Initial Game of Season Turns Into Practice Session for Squad—
Final Score, 60-14

"SOME SQUAD," SAYS SCORER

Earlham basketball tossers completely outclassed the Antioch (Ips) team winning 60-14 in the opening game of the season on the Richmond Coliseum floor last night. After the first two minutes of play when Captain Lawler ignited the scoring with a goal from the field the contest developed rapidly into a practice session with every member of the Quaker squad taking part in the traces. The score at the end of the first half was 29-2.

The defensive work on Johnson, the big Earlham back guard was outstanding at all times and he kept the Antioch players from breaking up the rushes of the visitors into the scoring zone. His handling of the ball and the speed with which he passed it out from the back was of the highest possible caliber.

The Earlham basketball team, which is coached by Coach Mowe, is composed of five letter men and a number of substitutes. The team is expected to be one of the favorites in the upcoming season.

JOHNSON WIELDS BIG STICK

Allowing the Indiana Dental basketball tossers but four goals from the field during the entire game the Earlham team registered the second victory of the season by the score of 21 to 10 on the coliseum floor last night. Both sides put up a scrappy, fighting brand of the indoor sport and it was due only to the superior floor work of the Quakers in breaking into enemy territories that they were enabled to double the score.

Earlham basket tossers, showing a marked reversal of form, went down humbly, 42-20, before the sensational Long Range Artillery of Butler in their second repeated meeting on the coliseum floor last night. Although the Quakers were unable to let their star players show their prowess in basketball, they displayed excellent defensive work.

EM ROES TRIUMPH OVER MARDON AND WHITE 40-23

In the second game of the season with the Indianapolis Em Roes, the Earlham basket ball teamers lost to the fast independents by a 40-23 score on the Indianapolis Y. M. C. A. floor January 25. The Mardon defense, several pointers, better the wicket not lacking of Hennessey who scored thirteen held goals, only three of which were gained by close shots, and the usual speedy offense of the Mardons was entirely wrecked by the close guarding and lively interceptions of the capital city teamers.

Hall led the Quakers in scoring with seven field goals while Lawler scored three from the field and six from the foul line.

Curey and Townsend were the chief score makers, each registering three field goals, while Bantley played a good game at guard for the second stringers.

Goar led the offense of the Maroon five while Hadley was valuable in advancing the ball to scoring range.

Beck put up his usual scrappy game at the floor guard position.

Much credit is due Townsend, the freshman center. Without much big league experience he was able to come from the bench and in the short period of ten minutes cage three baskets.

Earlham basket artists scored a 27-9 victory over the Manchester College quintet at North Manchester last night. Invading the northern school without the services of Capt. TOWNSEND COUNTS 6 POINTS

Matched against the best team in the state Earlham's fighting five was forced to take the short end of a 27-20 score in a fierce struggle with the Wabash quintet last night at the Coliseum. The Quakers fought tooth and nail throughout the entire game but were not able to overcome the last team work of the Little Giants.

The packed Coliseum was kept in a continuous uproar by the fast playing of both teams during the greater part of the game, for it was only in the last few minutes of the play that Wabash was able to command a safe lead.

Goar, local forward, looked like a million dollars, played a cool, heady, yet fast game, and was able to earn ten points—four field goals and two fouls.

Shaken up by the terrific grind of the Wabash, DePauw and Butler games within a week, the fighting five emerged unscathed from the Indiana Dental basketball clinic on Saturday night, February 26, with the loser end of a 24-18 score. The Devils kept a slight scoring edge over the Moosemen during practically the entire game and their slow guarding on down breaks, the usual number of chances, also led the Quakers for two-point markers.

With the score 11-4 against them at the end of the half, Earlham's fighting team came back strong in the closing chapter, winding up the basketball season with a brilliant victory over Franklin College 23-17, at the Coliseum Thursday night.

Hadley

High honors seem to go to Captain Lawler. In addition to scoring thirteen of Earlham's twenty-five points, he played a fast and clever game both on offensive and defensive. It was a consensus that Captain Lawler should have the honor of saving the last basket of the season as well as the first.

"Ox" Hall, the fourth member of veteran "quakers" from some unknown reason crept in his ways and went to Wabash for a year before coming to Earlham. He had little difficulty in landing his job, when he did arrive, however, and has since proved the most versatile player on the Quaker squad.

Goar

The foul shooting of Captain Lawler was the feature of the game as he tossed fourteen out of eighteen attempts.

DEPAUW QUINTET UNCORKS LAST HALF BOMBARDMENT

After leading DePauw 21-20 at the end of the first half, Earlham's basket-keepers were defeated 48-27 at the Coliseum last Tuesday night. The evening period proved exceptionally hot with both teams playing a superior brand of ball. In the second period the Quakers weakened under the strain and were able to gather but seven points while De Pauw counted twenty-eight.

Jan. 3. The Quakers out-played and
out-temperd the state school players in
all stages of the game.

Play through the entire second
period was even more furious than in
the first and although Earlham led at
all times Purdue was always threaten-
ing. During the last three minutes of
play neither team battling tenaciously
able to register a center, the score
standing 24-22. The unusually speedy
one scrappy floor work and goal shoot-
ing of Lawler and the powerful zuck-

defense held the Em-Roes stars to a
low score.

Hall led the Quakers in scoring with
seven field goals while Lawler scored
three from the field and six from the
foul line.

Among the first signs of spring which include the chirping of the first robin on the north campus, a sunny Saturday afternoon with the resulting re-habilitation of regions around the college farm and a fear of a general epidemic of colds and sore throat, together with swelling buds and Easter bonnets comes the first call to spring work in track. According to official reports this event will take the form of a meeting of all those who are interested in the coming track season, next Tuesday evening, March 8, in the coach's office.

NOBLY DONE

The response to the call for workers to do the manual labor on the Reed building improvements has been "credit noble." No small amount of energy has been expended this week that, might otherwise have remained dormant, as in the case of the students' activities etc. A lot of work has been done and a lot remains to be done.

IVEY ONCE MORE HEADS TEAM

The curtain for the 1921 track season was officially raised Tuesday afternoon when Coach Mow addressed a half hundred of would-be tracksters in the Association Room of Bandy Hall. Mow emphasized the necessity of getting down to business, as the first meet is but six weeks away. Practice will be held from now on every afternoon.

To meet the hardest and best track schedule that Earlham has had in years, Mow has a veteran team of ten letter men: Captain Ivey, Fauquhar, Carter, Robinson, Dalton, Tomlinson, Lawler, Johnson, Carey and Griffin. With the exception of one man (Whitely) this is the same combination which won the I. C. A. L. last year taking first or second in every event excepting the 220 yards low hurdles. This weak spot should be nicely handled by Beck a new man, who holds the I. C. A. L. record in that event.

Once more Charles Ivey will lead the Quaker track team. Captain Ivey was easily the high point scanner last year, holding the Earlham and I. C. A. L. records in the 120 yards high hurdles and in the high jump in addition to being the state 120 yard hurdle champion and dual contender for the Converse high jump championship. Ivey is expected to score at least fifteen points very meet.

SQUAD WILL BE CUT TO 16

If the present pace of construction is maintained, in the near future the pick and shovel crews on Reid Field will be ready to leave the tracksters in sole possession of a rejuvenated athletic arena. Regular practices of the track squad are being held while at the same time the wheelbarrows, and concrete mixers are getting a thorough work-out.

At the present time the tile is laid and the cement curbing on the north side of the field is in the forms. If weather permits a long step towards the completion of the work will be made in the coming week while the finishing touches on the track will be completed during the spring vacation. These improvements, under the direction of Coaches Mowe and Higgins and accomplished by the work of men of the college, will place Reid Field as one of the most efficient athletic fields of its size in the state.

INDIANA ATHLETES LOSE PREVIOUS WEEK BY 79½ - 42½ COUNT

The Maroon and White speedsters have been stepping at a fast gait during the week to set into the best possible condition for the heavy schedule. The first regular time trials in all events were held Thursday on a soft track and the results were favorable to some fast time in the test of dual meet competition.

By taking every first, nine second places and six thirds Earham swept the field clean Saturday, April 23, in the meet with Cincinnati University on Reid Field, the final score being 102-20.

Just-much as Cincinnati had earlier in the season defeated Indiana University in an indoor meet such an overwhelming score was hardly anticipated. A week's training however, permitted faster records and in spite of the heavy track and a high wind most of the records set a week ago were bettered.

With Reid Field dressed up to fit the occasion the 1921 Earham track season will be inaugurated with a dual meet against Indiana University this afternoon. Indications give promise of an exceptionally good track meet if the threatened attack of J. Fluency is curbed.

The construction work on Reid Field is completed and the cinder track is in the best early season condition that it has been for several years. The curbing and ditching allow speedy drainage of the cinder oval so that rains will have the minimum effect on slowing the meet. A comparison of Reid Field with athletic arenas of other colleges and universities of the state places it as one of the most improved in the list.

KAZOOS FAIL TO DAUNT E. C. TRACK WARRIORS IN SATURDAY CONTEST

Quakers Win Nine Firsts in Meet With
Normal School at Kalamazoo
Score 87-43

IVEY BREAKS HURDLE RECORD

Earlham tracksters won their third overwhelming victory of the season Saturday when they defeated the Kalamazoo Normal track team by the score of 87-43 at Kalamazoo. The Quakers returned from the northern state with Michiganders still puzzling over their decisive defeat. For the Kazoos, newspapers had not considered a possible overthrow in their forecasts.

Both of the distance runs were annexed by Dilson, without much difficulty. Tomlinson placed a good second in both of these events. Robertson continued his upward march in the 880 by winning his event in the time of 2:19 minutes.

First and second in the discs went to the Quakers, Carey winning the event with a hurl of 121 feet, nine inches. Johnson was defeated for the first time this season in the shot put, when Hulscher, of the kazoos, made a heave of 43 feet, 4 inches.

Wildman added eight points to the team's total by tying for first honors in the pole vault and high jump. He and his teammate, Graffs, both vaulted 10 feet, six inches. Other point getters for Earlham were Emslie, who placed

third in the two dashes; Paugher, who won second in the 220, and Tomlinson who topped first in the javelin throw.

Next week the Quakers take on the DePue thirty miles. As it now appears, the local athletes are in the midst of one of their most successful seasons in the history of the college. A University of Michigan "M" man, who watched the meet Saturday said that the Quakers had the best balanced track team he had ever seen from a college not classed as a university.

The complete results of the meet are as follows:

100 Yard Dash—First, Walker (K); second, Altenbury (K); third, Tomlinson (E). Time, 10 seconds.

200 Yard Dash—First, Dilson (E); second, Tomlinson (E); third, Carey (K). Time, 24.4.

Corey

Captain Lee of the Quakers, established a new Earlham record when he breasted the tape in the low hurdle in 25.3 seconds, the former record made in 1906 by White, of 26.2. Lee also made a quick trip over the high hurdles to the fast time of 15.3 several watches catching his time as still faster. He also tied for first in the high jump and answered second in the broad jump.

Tomlinson

Lawler contributed eleven points in the hurdles and broad jump. Faughar in the dashes, Johnson in the weights, and Dalton in the distances, each pulled down two firsts and added ten points to the Earlham count. Tetzhold, scoring six points, led Cincinnati in the scoring column.

Dalton in the two mile run, recovering from his injuries of the week previous, won his race in the last three hundred yards.

Wildman

Robertson

In the field events Lawler, with a leap of twenty-two feet in the broad jump, succeeded in setting the best mark in that part of the meet.

Robertson, of Earlham, made his second sensational run of the season, winning the half-mile from Mittendorf, after racing side by side in a 220 yd. sprint. The time was 2:7. Robinson in a race almost as spectacular won the 440 dash in a dashy finish after being forced to trail the major part of the race.

High point honors went to Captain Lee who won first in the 120 yd. high hurdles, 220 yd. low hurdles, high jump and second in the broad jump.

Al Carter showed a return to his last season's form when he clipped off the quarter mile in the fast time of 3:4 seconds. He was closely followed by Robinson, who finished a scant foot behind.

THE Women's Athletic Association was organized in 1915. Its purpose is co-operation with the Department of Physical Education for the promotion of right living among college women. The Association is an essential feature in the organization of women's sports. It supervises all contests in sports, and the election of the managers and captains. All insignia of winners of contests are awarded at the annual banquet of the Association. Two delegates were sent to the Central States Athletic Conference of College Women this year. The Association is growing and points toward greater activity next year, especially in the Diamond Jubilee Celebrations.

HOCKEY

"Ground, stick, ground, stick, ground, stick, strike!"—and away goes a small white ball over a smooth green with girls, shin-guards and curved sticks close behind. Eleven against eleven and one point for the team that cages the ball in its opponent's goal. "Send it to your wing, halfbacks; forwards, on a straight line with the ball!"

What though the weather be inclement, and the ground too slippery for awkward ones, hockey is a fine game and coming into the increasing favor of Earlham Co-eds.

For the first time since hockey was introduced here, 6 years ago, each class had a team on the field in the inter-class tournament in November. By winning three straight games the Juniors were acclaimed as champions. The varsity team was chosen at the end of the season on the basis of general ability and good sportsmanship. Since no intercollegiate games are played, it is wholly honorary.

The basketball season, which began in November with fourteen teams playing and ended in March with the class series, was one of unusual interest this year. Girls were enrolled, and their attendance was regular. The victorious Junior team emerged from the contest with a perfect score of 1000. The usual honorary team was selected.

SPRING ACTIVITIES

Earlham girls are justly proud of their athletic field. Particularly in the spring does it present an attractive picture to observers with track, baseball and archery devotees, absorbed in their pursuits. 80.9% of the women of the college were enrolled in physical training this year.

The baseball inter-class series is played late in the spring.

Tennis championships are held in both spring and fall. Mildred Clark, '21, was the winner of the spring tournament, and Nellie Donovan, '23, of the fall contest.

DEBATES

IN THE debating activity of the year Earlham broke even, winning from Indiana University and Franklin, and losing to Manchester and Indiana Central Colleges. In spite of two defeats she finished fourth in the ranking of the Indiana Intercollegiate Debating League.

This league was only formed a year ago and consists of twelve Indiana schools, including the two state universities. Throughout the entire list of twelve schools, the debates were on the "Government Ownership of Coal Mines," and took place simultaneously. In the first triangle held on Friday, March 11, the Quaker teams lost both the negative and affirmative. But one week later they came back and defeated the teams from Indiana University and Franklin.

The members of the affirmative team were: J. Mahlon Harvey, Robert Swain and Julius Tietz. Vernon Hinshaw, Clay Thompson and Donald Snyder formed the negative team. Paul Gordon was used as an alternate in the first triangle. Tietz and Snyder have been members of varsity teams in former years.

ORATORICAL EVENTS

The Earlham Oratorical contest was won this year by Edwin Teale, '22, speaking on the subject, "The Cry of the Ten Thousand." Cornell Hewson, Stanley Prevo, Fred Pickett and Ruth Williams were the other contestants. In the state contest held at Notre Dame on February 25, Mr. Teale received fourth place, there being six Indiana schools represented. First place was won by Carlton Gould, of Wabash College.

Edwin Teale also won the local Peace Contest and represented Earlham at the state contest at Manchester, where he received fourth place.

The Extempore Contest for the first semester was won by Cornell Hewson, '23. Donald B. Snyder, '21, received first place in the spring extempore competition.

MADRIGAL, finishing its second year of work under the able direction of Professor Garton, has afforded us much joy on the three occasions when the club made its public appearances in the chapel, not to mention the pleasure we derived from snatches of song heard now and then during practice hours. After the good showing made last year by the girls, we expected a great deal of them, and we were not disappointed.

Madrigal has made quite a name for itself by giving concerts in nearby towns, and the girls will not soon forget the bus rides to and from Economy, Whitewater, and New Paris. Bundy, too, profited from these trips, for, upon the club's return, the boys were favored with serenades. This extension of activity was new this year, and has proven very successful. But Madrigal did not forget those of our own community, and gave a concert at the Richmond High School.

One important feature, not to be overlooked, was the camp supper held at the close of the season. The weather prevented an out-of-door affair, but West Richmond Friends came to its rescue and a jolly time was had at the community house.

WELCOME arms, together with big dinners and a kindly smile from King Weather, spelled success for the Glee Club on its spring trip this season through the cities of Northern and Central Indiana. Piloted by Professor Garton, the club emerged from the dingy recesses of the third floor of Lindley Hall, where it had labored in secret for so many weeks, with a real program which, according to all reports, gained approval and new friends for the "Alma Mater" from the large audiences which greeted the glee-men in every town in which they appeared.

The program was well rounded by solos, duets and quartettes, and the re-appearance of Wendell Lamb with his twenty minutes of mystery and magic.

The end of the season was, all agreed, the climax, when the members of the club, with their "particular" friends, journeyed by automobile to the Country Club, where they peered for the last time over stand-up collars and stiff shirt bosoms, not to view an angry mob, but rather to see a snow white landscape dotted with potatoes and gravy; creamed chicken, and other things too numerous to mention.

The Glee Club Concert is something we all look forward to and we are willing to admit that our club will compare favorably with any in the land.

THE Mask and Mantle is a newcomer among Earlham organizations. It was formed at the beginning of this year by a group of people who felt that organized dramatics should be given a larger place in the life of the College. The club is sponsored by the Department of Public Speaking.

In spite of its youth The Mask and Mantle has already made itself known to the students and friends of Earlham. On December 17th they presented their first production, "Milestones." This play was well received and has convinced everyone that the organization has a distinct place to fill in the college life. Later in the year the community was indebted to the club for bringing Percy MacKaye here for a reading from one of his plays. They also plan to present a program during Commencement week.

Altogether the organization is a live one. Not only do members produce plays but they study the lives of dramatists, the best plays, and pay particular attention to the new movements in the theatre.

TEN years ago a far-sighted stork dropped on the Earlham campus the first bundle of Earlham Presses, with the plea that through "knocks, hard work, and good service, it might warrant for the Press its debut." In that very first year, the Earlham Press Club, through its pet protege, the Press, heralded the news to all the cobweb corners that a basketball team was on the floor, trimming Miami and pushing Purdue and Indiana to the limit; that the students were given a holiday to attend the state oratorical contest, and that Earlham, for the fifth consecutive time, won the state college track championship, and only lost to Notre Dame by a margin of three points.

The same Press Club, with changed faces, has completed the first ten-year cycle of the paper, and has come to the tin anniversary to chronicle the events of an athletic year thumping in championship circles, to mark the advent of the Junior cords and Senior caps and gowns, as well as to spread the news of the victories over Purdue and Indiana.

So thoroughly do the members of the club enter into every phase of Earlham life that when they are not busy chasing gossip, making news, or clamping Earlham history into bound volumes, they eternally tussel with the inflexible point system which prohibits a man from appearing in the unstarched maroon and white and a full dress suit at the same time.

THERE are specialized clubs of all sorts at Earlham: musical, dramatic, scientific, etc., but Phoenix Band has a wide variety of interests, and members of many of the specialized organizations find expression for their talents in Phoenix. There is even an opportunity to display ability as a cook at the annual camp supper.

In most organizations at Earlham there are men to act as president, so it is left to a strictly feminine club like Phoenix Band to give the women students training in executive matters. It is this training perhaps, added to that in parliamentary drill, that Phoenixians prize most highly. These considerations make it worth while to be in Phoenix Band at least one semester. There is an added inducement for continuing in the fact that a gold "P" set with rubies, may be worn after six semesters of continuous membership. Nine have been given out this year, one of which went to Mrs. Harlow Lindley, a life member.

THIS organization has as its object the intellectual improvement of its members, and as its policy practical training in conducting meetings and in public speaking, in such manner as to be of permanent value to its members. It is the oldest organization on the campus, having been founded in 1867, and its usefulness has never been questioned. The society has had its ups and downs but has always maintained a good spirit. This year has proved to be a very thriving one and the society has had more interested members than for several years. Many of the meetings have been quite lively and may have disturbed some of the quasi-studious individuals in the library room below, and may have caused the assistant librarian considerable worry, but there is no doubt that the meetings were profitable to those who attended them. Following the usual custom Ionian and Phoenix societies are preparing a play to be given Commencement week.

 2. A student council position.
 3. A sense of duty.
 4. A keen feeling for one's fellow students.

Method: Ask any one of these girls.

Conclusion: Disappointment, misunderstanding, loneliness; it's the most unsatisfactory life on the campus.

But with our new rules and a new attitude to back them, who can't foresee what may be the change of atmosphere on our campus?

Bundy Hall Student Council

Hilliard Harvey Hadley Webb Chambers Caldwell Stanley Hinshaw Beasley
Osborn Tomlinson Cox

THE spirit of good citizenship, law abiding and peaceful arbitration in Bundy Hall are crystalized in the Student Council. This is the one body that is recognized by the faculty, which wields the big stick in the dormitory, and its duties range from being a mother to some pale-faced wistful-eyed freshman, to explaining to the Faculty Committee on Student Affairs just why there was not more noise in Bundy at a late hour the Saturday night before and why all of the dormitory did not participate in the water fight instead of just those living on one hall.

Seriously speaking, the men of Bundy Hall, true to the traditions of their noble ancestry, love liberty and the opportunity to express individual personality and, as a result, prefer a democratic form of government. Under such a government, they live and have lived for some time past.

"Respect the rights of others" has been the motto which they have adopted and as a result, any differences of opinion merely call for a "get together and talk it over" meeting rather than high handed dictation by any one person or group over any one else. It is rumored that certain secret night sessions extended to rather uncanny hours in the morning, but such should be expected from any group of men with red blood and good imaginations.

Whether it has been in ascertaining some offender or merely in watchful waiting for something more to happen, the Student Council has been on the job and under the triple weight of Administrative, Judicial and Executive responsibilities in the dormitory.

A few verses from the book of Revolutions

1. In the beginning were two walks at Earlham College. One on either side of the drive. The walk on the east side was for the boys and the walk on the west side for the girls. Thus were the students cared for in the early days of the college.
2. But the students became dissatisfied from time to time and demanded more privileges. So it has been from the beginning.
3. And in the fourth year of the rule of David, a great unrest came among the students, and the rules of the "Blue Book" were weighed and found wanting.
4. Then, in accordance with the good custom of the land a committee was formed and they made new rules.
5. But the Faculty sat in long session upon these rules and found that they were not good.
6. Again, a committee, larger and more representative than the first drew up a set of rules. The students sent a large delegation with the rules to an equally representative committee of the Faculty.
7. Long have been the hours in which individually and collectively those rules have been cussed and discussed.
8. And now that they are accepted, let us join with Tomlinson in saying, "Thank God!"

“**H**ERE, indeed, is a religious meeting in which time does not hang heavily,” remarked the Bundyite who had been forced through his life to attend religious services, “and I believe it is because a man actually puts into these meetings just what he is and believes rather than what he thinks someone else expects him to be and believe.” Who has not said upon leaving a discussion there, “well, I’m glad I didn’t miss that one,” or, “that did me more good than a dozen sermons.” And why? It is the expression and the exchange of that fundamental religious instinct of man.

Some one has said this year, “What more could we expect from the men of the college. Our support has been strong and almost unanimous.” Our meetings have been exceptional. But does this not miss the point entirely? The association and not the student body is on trial. The question is, what has the Y done? Has it brought you the job you wanted? Has it given you the chance to develop your religious instinct? Has it held up to you forcefully the ideals of righteousness? Has it made you play the game fairly and squarely? Has it made you a bigger man? Answer these. If it has then it has not failed. And this has been our purpose.

THE only excuse for the existence of any college organization is its ability to meet the needs of the college community in which it exists. The Young Women's Christian Association at Earlham has no claim for existing other than offering to the women of the college a means of self-expression through its many channels that otherwise they would not have. The Y. W. C. A. challenges all-around, whole-hearted, broad-minded, wide-awake women to forget self activities and to contribute their time, energy and money in a definite, constructive way to their own community and through co-operation to the larger fields needing help in any way. It seeks to create ideals and to help put these ideals into effective action. The Y. W. C. A. stands for clear thinking, a sympathetic understanding of those with whom we come in contact, and the living of a life patterned after the life of Christ.

THE fourteen members of the Earlham Student Volunteer Band are enthusiastic in their preparation for work in the foreign field. They co-operate with the World Fellowship Committee of the Christian Association in the whole aim of the missionary activity of the college. The aim of these organizations is the deepening of the spiritual life, that through closer fellowship with God, every Christian student may be challenged to have a part in the creation of a Christian social order.

Teaching study classes, arranging lectures, making posters, and circulating missionary books are some of the activities of the members of the band.

The Church Extension Group

THE Church Extension Group was organized three years ago by students who were distinctly interested in the work of the individual church, as pastors, teachers, or as working members.

It has served as a connecting link among other College Friends. Our "news letter" this year came from similar groups at Cornell, Columbia, Vassar, Mt. Holyoke, Oberlin, Wellesley, and State College, Pennsylvania.

The first semester was taken up largely by reports from Home Mission Fields including those from the Indian Work and the Mountain District. Some of these reports were given by students. Dr. Woodman, Clarence Pickett and Dr. Purdy have been with us in other meetings.

The second semester the discussions have been conducted by students and have included these subjects: "The Young People in the Meeting for Worship, in the Sunday School, in the Young People's Organizations, in the Business of the Church and the Community Life."

To those who have been in the group, the meetings held every Wednesday night have been a real help and inspiration for Christian Service.

THE Day Dodgers are that quarter of Earlham's population who find their way to Lindley Hall each morning via city car, auto, or a pied. Aside from this there is very little distinction between the dormitory and day students. Organizations, activities and parties alike receive the support of the D. D's.

The day students, under the direction of Professor Arthur Bereault, presented Jerome K. Jerome's play, "The Passing of the Third Floor Back." This was one of the most successful plays ever presented by an organization of the school. It did much to bind Earlham closer to the people of Richmond, which is one of the aims of the organization. One hundred dollars of the profits of the play were given to the Earlham Endowment fund.

The social activities of the organization include a very successful banquet at the K. of P. Temple, an auto drive and feed.

AFTER a year's leave of absence Ye Anglican Club returned to the college refreshed and rejuvenated. Under the joint leadership of Professors William N. Trueblood and Cosand and the original members of Anglican, a free and easy basis of membership was substituted for the limited number of former years.

The programs have been interesting and varied. When the secretary reads the roll, one never knows whether he will hear in response an original drama, poem, or story, vocal or instrumental music, a choice bit from a favorite author, an account of someone's travels, essays, or nonsense rhymes.

The faculty members in the English department have been an inspiration to the laymen both by their presence and by their part in the programs.

Ye Anglican Club is a sympathetic audience in which budding authors can make their debut, and here's hoping that some of them will win honors in the world of letters.

EVERY two weeks a group of those interested in a deeper appreciation of the life and literature of the ancient people of Greece and Rome meet in the classical room in the second floor of the Library.

Programs have been given by both students and faculty. Dr. Purdy, an honorary member of the club, discussed the work of Philo in harmonizing Hebrew and Greek theology. Dr. Grant, a student of the classics, explained the Greek method of calculation and early mathematics. Greek myths were a special study of the group because of the important place they have in the appreciation of all literature of modern writers.

Social times have been occasionally enjoyed, along with the more serious programs of the organization.

Plautus, who has set the standard for good comedy from the second century B. C. until the work of George Cohan and other contemporary writers, was presented to the student body through his "Menaechmi." Given in modern American translation it was greatly appreciated.

"LE CERCLE FRANCAIS" has for its purpose, "to add zest, interest, and enjoyment to the study of French at Earlham." Every second Thursday afternoon its members have slipped away from their study of irregular verbs and the subjunctive mode to have a thoroughly French program in Phoenix Hall where poems, stories, jokes, plays, songs, and games (all in French) have been enjoyed.

An added feature to the meetings this year has been the French songs furnished by members of the Music Department. At one meeting Professor Harlow Lindley gave a very instructive lecture on the influence France has had in making the United States what it is today. At another meeting the club was fortunate in having as its guests, a number of native French people now residing in this country who presented "Rosalie," a popular present day comedy.

Miss Parker and Professor Charles have shown much interest in the club and have collaborated admirably with the students to make the programs interesting.

"LA ASSOCIACION DE ESPANOL" was organized this season for the first time and has held its place among the activities of the college. The fact of its success may be largely traced to our faculty members, who have both spent several years among the speakers of the tongue. They have been able to get into the spirit and present its value in a very interesting way.

Due to the rise of South America the Spanish language has made enormous strides into prominence during the last few years. And the students of Earlham College who are looking forward toward business, teaching, missions, or other service, have not been slow to see an advantage of a speaking knowledge of the language. Such chattering as "Como esta usted esta manana" is all too common on the campus. We believe the club is living up to its name by increasing the interest and knowledge of Spanish and the Spanish speaking peoples.

SCIENCE CLUB fills a very important place in the activities of the scientifically inclined members of the College. Our scope of study this year has ranged all the way from the works of Lucretius of bygone days to Einstein's revolutionary theories of relativity. We are not essentially a parliamentary body, but we occasionally clash on a "point of order," or a "motion before the house."

Twice this year we have laid aside scientific considerations and have indulged in a good old fashioned camp supper and frolic. We do not eat synthetic foods or drink milk from one of Henry Ford's cows, either, but we still prefer nature's products when it comes to a good square meal.

THE Earlham International Polity Club tries to keep alive in the student body an interest in social and political questions of world-wide importance. In our bi-weekly meetings it is attempted to present facts to think about, rather than pre-digested conclusions which are open to criticism as being propaganda. Besides utilizing local talent, we have enjoyed during the past year addresses by three well-known university professors, a Russian government official, and an international newspaper correspondent.

Our Club is one of a group of eighty similar organizations formed in different colleges and working in co-operation with the Institute of International Education, which is a branch of the Carnegie Peace Foundation. The valuable service which this Institute has rendered in sending literature for library use and in supplying high-grade speakers for several meetings, has helped to make the past year's work a decided success.

THE Earlham Service Club was organized in the fall of 1919. Men who had been in the military service felt the need of a club to foster the old army spirit of comradeship and to show their place in the world war. The Club was organized for the purpose of perpetuating the idea of service and good fellowship between fellow men and between nations. Men who had actually participated in the world war had a wider vision of what service and fellowship meant and they wished that these two elements might be perpetuated. Although on account of graduations, the club has dwindled in members, that spirit of fellowship is still present.

This spring, the members of the Service Club "packed up their troubles in their old kit bags," and marched off with their guests down Clear Creek to a big Camp-fire. Here a bountiful meal was prepared, mess-kits were filled, and mess sergeant was crowned king. When the call to quarters sounded the company reluctantly marched back to the barracks.

ALTHOUGH Earlham lost many members of this organization by graduation and withdrawal from college last year, new and returned students together with the old members totaled over twenty for the past two semesters. It is also of interest to note that three professors, having served with the Unit, were associated with the Earlham group. They were Dr. Purdy, Prof. Charles, and Prof. Root. Members of the present group served in France, Germany, and Siberia.

Discussions held once a month dealing with present day social problems have been the main activities, but like other organizations, it has not been without its social times. Keeping alive friendships formed abroad, and recalling incidents connected with the service to war-stricken peoples have not been the least of its interests.

THE College Social Committee is that group of students which, three or four times a year, sees that every body in the college community has amusements and refreshments for an evening.

Although the committee as an organization is not active all the time during the year, when it does show signs of life, look out! Next to the cabinets of the Christian associations it is the first organization to settle down to business in the fall. For be it known that everybody must meet everybody else, so we have a "who's who" party which is always so large that no place on the campus will hold it.

It is the college social committee that once a year makes it necessary for the inhabitants of either Bundy or Earlham Hall to sweep and put up curtains.

Then in the spring we have another outdoor social. That night, when the committee is "cleaning up the campus," some one between bites of ice cream aptly remarks, "Well, hasn't this been fun, even if we did work?"
